Zip HydroTaps, HydroBoils, Chillers,
Filters & Accessories

INTRODUCING THE NEW HYDROTAP® G5

RANGE

INSTANTLY FILTERED,
BOILING, CHILLED & SPARKLING
WATER ON TAP

POWERED BY

G5

TECHNOLOGY

PowerPulse technology

Our innovative Zip PowerPulse technology maintains stored boiling water to within 0.2°C of your set temperature, meaning no energy or time is wasted waiting for water to boil.

Auto-diagnostics

An advanced auto-diagnostics system continuously monitors your HydroTap's performance.

Unique safety features

Zip boiling water is delivered smoothly and the tap has a safety lock to facilitate safe boiling water delivery.

MicroPurity™ filtration

Inbuilt 0.2 micron NSF-certified filter incorporating innovative silver ion antimicrobial technology means healthier, pure-tasting water.

Air-cooled system

Our unique air-cooled refrigeration system is 100% water efficient.

Powered by our latest G5 technology

Embodying functionality, the HydroTap is ideal for those who want appliances that save time, reduce energy, are straightforward to use, simple to maintain and make life in the kitchen a whole lot easier.

Access pure-tasting water thanks to our advanced MicroPurity filtration. Say goodbye to bottled water taking up valuable fridge space and slow, energy-guzzling kettles cluttering your countertops. Welcome the convenience of cooking, sterilising bottles and making tea or coffee with instant boiling water and the handiness of pouring a perfectly chilled still or sparkling glass of water whenever you need it.

Crystal clear pure-tasting water

MICROPURITY™ FILTRATION

SAFELY FILTERS DOWN TO 0.2 MICRON

SteriTouch® antimicrobial protection

SteriTouch® is impregnated inside materials in contact with key water paths in HydroTap for added protection against surface bacteria.

NEW TO G5

CO₂ level indicator

New feature in the command centre shows when CO₂ gas is running low.

NEW TO G5

**NEW G5
FEATURES**

Smart Customisation

New optimised menu in the G5 HydroTap command centre allows you to select energy modes and usage settings for easier customisation.

NEW TO G5

Hydrotap **G5 range**

Featured product
HydroTap Cube in
Brushed Rose-Gold finish

Able to complement any kitchen – from traditional to contemporary – Zip's design-led Classic Plus, Arc Plus, Cube Plus and Touch-Free Wave have been created with the interiors enthusiast in mind. As practical as they are beautiful, all four taps offer your choice of instant filtered, boiling, chilled or sparkling water.

HYDROBOILS

Instant Boiling
Water on Tap!

ZIP HYDROBOIL PLUS

1. Power-Pulse™ technology cuts standby power consumption dramatically. Cuts back to micro-pulse power during periods of light usage, or when unused.

2. Sleep-mode feature can be set to activate after 2 or 4 hours of non-use.

3. Sleep-when-it-is-dark feature can be set to activate whenever lights go off.

4. Programmable 24/7 on/off power clock can disconnect power twice each day.

5. Patented steam-heat-boost system recycles steam to preheat incoming water.

ZIP HYDROBOILS

SAVES TIME!

The HydroBoil provides instant boiling water 24 hours a day.

SAVES ENERGY!

Two-way tap control for a cup full or a teapot full at a time.

HYGIENIC!

Concealed cistern, ensuring the ultimate in hygiene and protecting cupboards from steam damage.

SAVES SPACE!

Eliminates the need for kettles, urns and exposed power leads.

IMPORTANT SAFETY NOTICE

Please read carefully. Call the Franke call centre at 031 001 5000 if in doubt or if you need assistance.

Your Zip is designed to produce boiling water. Remember that boiling water is dangerous so follow the important instructions in these guidelines to avoid accidents.

Use a competent plumber to install your ZIP product

In terms of Government notice No.R.1875 of 31 August 1979, no person shall perform the trade of plumbing unless he is a trained plumber or works under the adequate control of a trained plumber or approved competent person.

Where to find a competent plumber

The Plumbing Industry Registration Board (PIRB) controls plumbing practices and registered plumbers can be found on their website www.pirb.co.za.

Maintenance in hard-water areas

In areas where hard water may occur, such as in the eastern and southern coastal regions of South Africa, the product lifespan could be reduced due to build-up of scale. Regular de-scaling should be carried out by a Zip service provider every 6 to 12 months depending on the severity of the conditions. Contact the Franke call centre at 031 001 5000 for assistance.

Operating your ZIP

Every Zip product is supplied with a user manual which contains instructions for the installation of the Zip Product, its use and maintenance, as well as warnings relating to the risk of injury or damage that could arise from its use. The installation must be carried out in accordance with the instruction manual. The user manuals can also be downloaded from the Zip website www.zipsa.co.za

Product Warranty and the Consumer Protection Act

Franke South Africa warrants the product to be of good quality, in good working order and free from all defects for a period of 1 year from the date of delivery within the regions of South Africa, Namibia and Botswana. Franke's liability in terms of the warranty is limited to either repairing or replacing the damaged or defective Zip product. This warranty is given in addition to any warranty that may apply in terms of the Consumer Protection Act, 2000.

Standard Terms and Conditions

Details of the standard conditions of sale that apply to the sale of all Zip products in South Africa, Namibia and Botswana, unless otherwise agreed by Franke South Africa, can be obtained from the Zip website www.zipsa.co.za.
